

Marimekko's partner suppliers

Good and competent suppliers are key to Marimekko's success and many of our manufacturers are long-term partners. Even though global supply chains can be long and complex, our goal is to make our supply chain as transparent as possible. Increasing transparency is a long-term effort that we are doing one step at a time.

Below you can find most significant suppliers and manufacturers of Marimekko products. The information covers around 99 percent of Marimekko's sold products purchased in 2016. Those suppliers with whom the collaboration has ended or will end during 2017 are excluded from the calculation. The suppliers whose share of the total sourcing is less than 0.1 percent are not presented in the list. Total purchases include Marimekko's internal sourcing from its own printing mill in Helsinki.

The supplier list is updated annually. The list below was last updated in June 2017.

Supplier	Factory	Address of the factory	Country	Personnel	Supplier since
