

Marimekko's partner suppliers

Good and competent suppliers are key to Marimekko's success and many of our manufacturers are long-term partners. Even though global supply chains can be long and complex, our goal is to make our supply chain as transparent as possible. Increasing transparency is a long-term effort that we are doing one step at a time.

Below you can find most significant suppliers and manufacturers of Marimekko products and the fabrics used in the products, with whom Marimekko has a direct contractual relationship. The supplier list is updated annually. The list below was last updated in March 2019.

The information covers 95 percent of Marimekko's product purchases in 2018. Total purchases include Marimekko's internal sourcing from its own printing mill in Helsinki.
